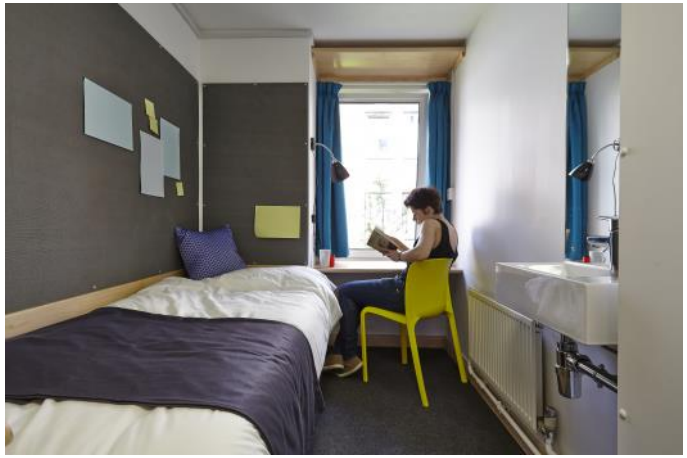
Please contact us for additional transfer prices from alternative London airports.

Teenager Programme Accommodation

Students participating on the Teenager Programme will stay in a stunning, recently refurbished residence, within 30 minutes journey of the College and surrounded by many shops and other amenities. The residence is in an ideal location for easy access to the City of London and the Docklands. The bustling West End with its theatres, restaurants and museums is only 4.5km (2.75 miles) away and there is plenty of public transport available, day and night to take students to all the tourist attractions London has to offer.

There is a comfortable and welcoming TV room and a common room. Both have wireless internet. There's wifi in the kitchens as well! Staff are available in the evening and weekends and are there for you to check-in and help you with any emergencies.



All the rooms have single beds and have their own mini-fridge and washbasin. Students will also be able to receive wireless internet in their rooms which is included in package rate. The package rate provides all students with bed linen, towels and shower gel & shampoo.

Showers and toilets are close to all rooms and are cleaned daily. Each shower and toilet is an individual, separate room with access from the corridor, to ensure privacy and comfort.

A continental breakfast (cheese, ham, scrambled eggs, croissants, fresh fruit, porridge, etc.) is served every morning and there are also well-equipped kitchens for groups to use if they wish to do so. There is also an on-site coin-operated launderette.
